Finally !!!! As you read this April edition of the monthly newsletter, you may be doing so at the new Senior Center located at 441 Summer Street sipping a cup of coffee and watching the snow melt. We will be doing all we can to make life at the Center both stimulating and enjoyable. Let us know what you think.

It's very important that every senior who normally doesn't file a tax return do so for the 2007 tax year. Don't wait to file. To get your tax rebate stimulus payment be sure to file your federal taxes for this past year. The IRS estimates that more than 130 million Americans will benefit from an income tax rebate plan that will give \$300 to people who receive Social Security, lower income people and disabled veterans. You do not need to calculate the amount of the stimulus payment. If you qualify, the IRS will automatically figure it and send it to you. The IRS will also send you a notice showing the amount of your payment. You do not need to call the IRS or fill out any other special forms. In addition, the stimulus payment will not have any effect on eligibility for federal benefits such as food stamps, or assistance for needy families. The stimulus payment will also not be counted as income for purpose of your Social Security benefits. If you do normally file a tax return and receive a refund, the stimulus payment will not be included in your regular tax refund. Your stimulus payment will be direct deposited for taxpayers who select that option when filing your 2007 tax return. If you did not choose direct deposit, a check will be mailed directly to you if you qualify. In addition, your stimulus payment is not taxable and it will not reduce or increase your refund when you file your 2008 return. If, however, you still owe federal taxes from a previous year, the stimulus payment is treated like any other tax refund and will be used to pay past-due federal or state income tax.

I hope this explains how the payments will work but if you have a question make an appointment to have your 2007 tax return done either by a private preparer or call our COA office to make an appointment with either Bud or Greg.

See page 4 for a schedule of when you can expect to receive this stimulus payment.

See you at the Senior Center !!!

Outreach with Norma

We have had many inquiries about the IRS' "economic stimulus payments". It seems that most everyone is eligible for a payment but **must** file a 2007 tax return to determine eligibility and calculate the amount of the stimulus payment. Even if you don't usually file a tax return, you must do so in order to get the payment. Forms are available at the Library or Post Office. This stimulus payment will not affect your benefits from other sources, such as Food Stamps, Fuel Assistance, etc. An estimated 20 million seniors on Social Security are eligible to receive \$300 per individual or \$600 per couple. It's a gift from the Government-don't miss out.

Another reminder-if you are having trouble making ends meet, consider the Abington Food Pantry at St. Bridget's, available to all Abington residents. Call St. Bridget's or the COA for more information.

Some new Insurance Plans are marketing heavily in our area (Plymouth County). If you are interested, that's fine. If you are not interested, it's O.K. just to hang up. They are supposed to have received a request for information from you with permission to call.

We all need to be on the alert for SCAMS. No government agency such as Social Security, Medicare or Veterans Agency, will ever call you on the phone for information. If you should get a call asking you for personal information, HANG UP. You would know if you initiated the call. If you didn't, don't give out any personal information. Should the caller persist, notify the Police.

I'm really looking forward to being in our new Senior Center. I've been promised an office of my own, with giraffes on the wall even, and a door I can close. I'd like to have you all visit, one at a time, and bring your problems, your joys and your concerns. Appointments are always helpful but not necessary. I have income guidelines for programs such as Food Stamps, Fuel Assistance, Mass. Health, Medicare Buy-In, if you even think you might be eligible, let's find out. Call 781-982-2145 or drop in.

These are the dates we will be receiving our tax stimulus checks. It is scheduled by the last two numbers of your Social Security number. If you filed a joint return, it will be under the husband's Social Security number.

The check is in the mail:

Week 1—SS#- 00-09	Receive check:	July 23
Week 2—SS#-10-19	Receive check:	July 30
Week 3—SS# 20-29	Receive check:	Aug. 6

FIVE THINGS YOU NEVER KNEW YOUR CELL PHONE COULD DO

There are a few things that can be done in times of grave emergency. Your mobile phone can actually be a life saver or an emergency tool for survival. Check out the things that you can do with it.

Emergency The Emergency Number worldwide for Mobiles is 112. If you find yourself out of the coverage area of your mobile network and there is an emergency, dial 112 and the mobile will search any existing network to establish the emergency number for you. This number can be dialed even if the keypad is locked.

Have You Locked Your Keys In The Car ? Does your car have remote keyless entry ? This may come in handy someday. If you lock your keys in the car and the spare keys are at home, call someone at home on their cell phone from your cell phone. Hold your cell phone about a foot from your car door and have the person at home press the unlock button holding it near the mobile phone on their end. Your car will unlock. Distance is no object. If you can reach someone who has the other remote for your car, you can unlock the doors.

Hidden Battery Power Imagine your cell battery is very low. To activate, press the keys *3370#. Your cell will restart with this reserve and the instrument will show a 50% increase in battery. This reserve will get charges when you charge your cell next time.

How To Disable a Stolen Mobile Phone To check your mobile phone's serial number, key in the following digits on your phone: *#06#. A 15 digit code will appear on the screen. This number is unique to your handset. Write it down and keep it somewhere safe. If your phone gets stolen, you can phone your service provider and give them this code. They will then be able to block your handset so even if the thief changes the SIM card, your phone will be totally useless. You probably won't get your phone back, but at least you know that whoever stole it can't use it/sell it either. If everybody did this there would be no point in people stealing cell phones.

Free Directory Service for Cells Cell phone companies are charging us \$1.00 to \$1.75 or more for 411 information calls. Most of us do not carry a telephone directory in our car. When you need to use the 411 information option, simply dial: **(800) Free 411 or (800) 373-3411** without incurring any charge at all.
